Invitation

Dear Colleagues, Friends,

Following the first Black Sea Countries Otology Neurotology Meeting in Varna, we planned to welcome you all in Zonguldak. Last year’s unfavorable economical conditions and this year’s global Covid Sars-2 pandemics breakthrough obligated us to present the Black Sea Otology Neurotology Congress Virtually.

We prepared a stunning scientific program by gathering the eminent otologists from the countries surrounding the Black Sea.
We are looking forward discussing diagnostic and therapeutic concerns on hearing loss, middle ear and mastoid inflammatory and tumoral manifestations. Vestibular disorders as well, will be among the main topics to be discussed.

Panels, round table sessions and lectures are scheduled within this two full day busy Scientific Program.

I am very much looking forward meeting you online.
